

Dear parents,

Considering the childrens' traffic safety and to lessen frustrations due to inexpedient parking, we are sending out a pamphlet that show parking zones near the school.

Kind regards, the leadership team

No stopping at any time

"Kiss and ride"

Parking zone

No entry  
(school recommendation)

#### Recommended Kiss and Ride areas:

- This sign indicates the red zone and means no parking or stopping at any time.
- In the purple “Kiss and Ride” zones you can stop for a few seconds to let your child out of the car and help them across the cycle path. You can only park in these zones after 09:30.

#### Important Danish traffic laws:

- Do not park or stop your car with wheels on the cycle lane.
- Do not park or stop next to a double white line, if less than 3 metres (10 feet) from it.
- Do not park or stop less than 5 meters (17 feet) from pedestrian crossings.
- Do not park or stop less than 10 meters (33 feet) from an intersection.
- Do not park so as to block an entrance.
- Children less than 135 cm must be placed in a child seat. All passengers in a car must wear seat belts.

#### Safety items for cyclists

- Always wear a helmet
- In the winter use lights and reflectors
- Do not ride on pedestrian crossings

August 2024

- Please Park cycles in the cycle racks provided.

## Parking and drop-off at Rygaards International School

#### School policy

- Traffic safety is the responsibility of parents. The School and other institutions will organise facilities.
- Traffic patrols help the children to increase their traffic awareness. Parents and students are required to follow their instructions.
- Help teach your children road safety by parking and walking them the last 100m to school
- Children should be encouraged to cycle/walk to school where at all possible. It increases their traffic awareness.

#### Parking

- On the map the **red** zones mean no stopping or parking at any time. These are particularly hazardous areas.
- The Kiss and Ride Zones are marked with **purple** and are places where you may stop for a short while, but not park. These zones have been placed so that children don't have to cross a street and the entry is visible from the car
- The **yellow** and **red** line at the end of Torkel Badens vej indicates that for safety reasons we do not encourage any parents to use this road. Any entry to the Senior Care Centre is prohibited.
- U-turns on Bernstorffs and Niels Andersens vej close to the school are very hazardous
- Do not drive into teacher's parking area to park or drop off
- Do not at any time stop or park after the cycle path in front of the school on Niels Andersens vej
